

APRIL'S ADOPTABLE FRIENDS

Brought to you by The Knox-Whitley Humane Association

OCTAVIA

Octavia is a female domestic shorthair. She is a super sweet cat and loves attention! She is approximately 1 year old. She was owner surrendered due to her being part of an accidental litter along with a few of her litter mates who have all been adopted, leaving only her and two others. She is already spayed, up to date on vaccines, and ready to go home today!

BARREL

Barrel is a female mixed breed and is approximately 2 years old. She weighed 34 lbs upon intake on 3/7/2024. She was owner surrendered to us due to financial issues. She just got back from Lincoln Memorial University where she was spayed and is up to date on all vaccines and preventative. She would be a great dog for any family!
